

GREEN YOUR OFFICE & YOUR HOME

Friday 28th September 2007

9.30am - 2pm

CIVIC SUITE

FREE

This free half day workshop is for small voluntary and community sector organisations to look at **practical ways in which we can reduce our environmental impact** and begin to think about environmental audits and policies for our organisations.

The seminar will provide opportunities to discuss some key environmental issues with colleagues interested in green issues and leave with a low-cost action plan for your organization's environmental policy and your home. Funders are increasingly concerned that groups work in environmentally ethically ways, so here's your chance to get ahead of the game.

- **A LIGHT NETWORKING LUNCH** follows the workshop
- **APPLY BEFORE 13.9.07** as entry is by confirmed places only. Places are limited
